## Annual Report and Financial Statement for 2008

### **Annual Report:**

Substantive Working Group completed their 2008 substantive report efforts in October, 2008, when it received final editing by the Editorial Board. That effort, known as the Initial Report to the Secretary General was transmitted to the NGO/DPI Executive Committee on November 24, 2008, where it was cleared for final transmittal to Secretary General of the United Nations.

[Formal Report as of November 24.](#)

Larry W. Roeder, Jr., MS, was re-elected Editor in Chief of the Editorial Board of Climate Caucus. Mr. Roeder was also the UN Affairs Director for [WSPA](#), the World Society for the Protection of Animals. Headquarters for ClimateCaucus remained at 26128 Talamore Drive, South Riding, Virginia, 20152. The following officers were also re-elected by the membership to the Editorial Board, which acts as the Board of Directors: William Gellermann, Judy Lerner, Moki Kokoris, Scott Carlin, Jeffery Huffines, Richard Jordan and Larry Roeder.

**Financial Report:** \$15,000 in expenses were incurred in order to conduct work by Climate Caucus in 2008; however, as the organization operated as an unincorporated voluntary body in Virginia, these costs were absorbed by members. As a result, no formal income was received by Climate Caucus in 2008, nor were any formal expenses.
